

Coding for Cardiology Webinar

Tuesday, June 5, 2018 & Wednesday, June 6, 2018

9:30 am - 12:30 pm PT

(10:30am to 1:30pm MT, 11:30 am to 2:30pm CT, 12:30pm to 3:30pm ET)

To our Valued Customers,

Special alert that impacts your reimbursements NOW. We have answers.

CPT 2018 has unbundled moderate sedation from all Cardiology procedures and has created a new series of "moderate sedation" codes which you are to use for your procedures when you provide/supervise this service.

- 1. You will need to develop a mechanism reporting this service for billing purposes**
- 2. Detailed documentation, that you provided this service, will need to become part of your procedure documentation**
- 3. Payment for your procedures in 2018 will be reduced to reflect unbundling of the moderate sedation. The only way to maintain your current payment for your procedures is to provide this service yourself**
- 4. Medicare's final fee schedule for 2018 will reflect this reduction**

Please join us,

**Terry L. McVey,
President**

McVey Seminars Presents A "VIRTUAL" Seminar on Coding & Reimbursement Solutions

ICD-10-CM ■ CPT ■ HCPCS

Cardiology - 2018

2 - three hour sessions of coding for physicians and staff given by:

Mr. Ray Cathey

Certified Physician Assistant & Administrator

Reimbursement Difficulties?

While costs go up and revenue is lower, it is tough! We can assist NOW!

Correct and accurate coding is the essential ingredient.

Complete & rightful reimbursement is possible!

◆
Tuesday, June 5 & Wednesday, June 6, 2018

9:30 am - 12:30 pm PT

(10:30am to 1:30pm MT, 11:30 am to 2:30pm CT, 12:30pm to 3:30pm ET)

Special Section:

"ICD-10-CM is here. There are 1,943 new codes, 422 revised codes and 305 deleted codes. Medicare's moratorium on using specific diagnosis codes expired. Medicare will now require your billing to provide more specific diagnosis codes than they have for the past year. Does your provider's documentation support using more specific codes? Using "unspecified" diagnoses may trigger payment denials or audits."

How a Virtual Seminar Works:

1. Register by fax, mail or online. Cost is \$285 per one of the following options - landline, computer or Ipad.
2. The audio/video portion for this course can be heard via landline, mobile or web browser. Major browsers on windows, MAC OS X & Linux.
3. You'll receive Dial-in access, and materials a few days before the program.

Sponsored by:

McVEY

SEMINARS

800-227-7888

32nd Year

(The recipient is entitled to request that the sender not send any future facsimile advertisements to its telephone facsimile machine. Failure to comply within 30 days from the date the request is properly made is unlawful. Recipient: please identify the number that the request relates to 800-227-7888 is the telephone number and 415-892-1271 is the fax number or email marketing@mcveyseminars for the recipient to transfer such opt-out request.)

Seminar Highlights

Obtaining Rightful Payments From Insurances.

- Cardiology Specific procedures, such as Cardiac Cath and PCI's discussed and coded for maximum reimbursement.
- What are the documentation guidelines for procedures? E/M guidelines are well established but are you following the published guidelines for your procedures?
- Modifiers are your "Key to Reimbursement". Many device implants require a modifier. Are you using the KX & SC modifiers correctly? Use of modifier is mandatory for discarded drugs. Are you sure how use it.
- CPT unbundled moderate sedation from all of your procedures. Are you using and documenting the new codes properly?
- Brief discussion on Non-Coronary (peripheral) procedural coding.

Cardiology Coding Techniques That Work!

- Cardiac Cath, Multiple PCI's coded at the same encounter. Clarification of the guidelines for PCI in Acute MI interventions.
- New technologies have received FDA approval, including Cardiac Contractility Modulation System for CHF. How to code for new technology services.
- Are you using the revascularization of acute/subacute occlusion code 92941 correctly? Payers are auditing to be sure that you are.

Advanced Cardiology Coding

- EP Studies and Ablation coding. Looking at 3-D mapping vs. Regular mapping and add on codes.
- What impact will coding "unspecified" diagnoses have on payment, now that the "honeymoon period" is ending with Medicare?
- Holters, Echo's, Event Monitors, Stress Tests and Stress Echo's. We have answers.
- Nuclear Cardiology Coding review. Making sure all components are captured and you're using modifiers when needed.

YOUR SPECIAL CARDIOLOGY SITUATIONS

- PM and ICD Device checks and compliance.
- FFR, iFR and chemical stress procedures of right heart during heart cath procedures.
- Thrombectomy coding with Cath procedures.
- Hospital E/M coding with professional procedures same date - dealing with denials.
- SNF patients coming in for OV's, how to bill?
- New revenue opportunities for Cardiology Practices.

Learn How To

Ray Cathey

About Your Seminar Leader . . .

Ray Cathey, PA, FAAPA, CCS-P, MHA, MHS, CHCC, has a unique background in support of medical practices. He has assisted thousands of Physicians and staff across the U.S. over the past thirty five years. The result has been appropriate payments of insurance claims that would have otherwise been underpaid. Having degrees in health care administration and health care sciences, as a former registered nurse, and as one of the early certifications in the Physician Assistant Program, you will find Ray's knowledge extensive. His training and consulting work is based on current work-place experience and success in recovering maximum, rightful reimbursements for medical practices in both the fee-for-service and managed care/capitation arenas, as well as the newer reimbursement models, such as ACOs and medical homes. No one has trained more medical offices in insurance reimbursement across the nation. We count Ray Cathey as one of the top medical insurance coding and practice management experts in the country. We invite you to discover why and register today.

Terry L. McVey, President

**We will bring you the 2018 Updates,
along with an interactive section on ICD-10-CM.**

Virtual conference form ~~-----~~ **ACT NOW!**

Yes we'd like to participate in the virtual seminar on Cardiology Updates for 2018 on **Tues., June 5 & Wed., June 6, 2018** from 9:30am to 12:30pm Pacific Time. **Fee for participating is \$285.00** and that includes an access phone number, and/or link to connect to for this program with the ability to ask questions of our expert. *One phone line, computer or tablet per registration.
